COALITION**

# **MEMBERSHIP PACKAGE**

## ABOUT THE FUTURE BORDERS COALITION

The Future Borders Coalition (FBC) is dedicated to building a better Canada-U.S. border for travel and trade.

We are a bi-national organization promoting a vision of the U.S.-Canada border based on the principles of efficiency, safety, and security, supported by continuous improvements in technology, processes, and infrastructure.<sup>1</sup>

Our membership is widely diverse and cross-sectoral, covering all modes of transportation (air, land, maritime), cargo and logistics, the tourism sector, and the academic research community. We combine practical expertise with research resources to generate evidence-based recommendations. This is a powerful combination for constructive engagement with key decision-makers on the most pressing border issues.

## OUTREACH AND ADVOCACY

---

<sup>1</sup> Our predecessor, the Beyond Preclearance Coalition, was created in 2018 by a group of industry and think tank professionals who recognized the need to provide credible, industry- vetted recommendations to advance the efficiency and security of the Canada–U.S. border. In 2019, Beyond Preclearance members recognized the need to address a broad, long-term mandate and formed the Future Borders Coalition.

## FBC WORKING GROUPS

1. End-to-End Passenger Experience Working Group
2. Supply Chain Task Force
3. Digital Border Task Force

Our working group participants come from government, private sector, and industry/academic organizations in the United States and Canada. Member priorities shape our annual workplans. These are operationalized through bi-monthly meetings. Issue specific sub-groups tackle urgent or highly specialized needs.

## MEMBERSHIP BENEFITS

Membership connects you with government and industry leaders on both sides of the U.S.- Canada border. Our unique binational and multi-modal composition is a force multiplier, helping us to reach the broadest range of decisionmakers. **We need you at the table to help build a better border for travel and trade.**
