**Thursday, November 21, 2024**

**9:00 a.m. – 5:00 p.m. EST**

Nelson Mullins - 101 Constitution Ave NW, Washington, DC 20001

**FBC Working Groups**

FBC runs several binational, multimodal working groups focused on themes such as end-to-end passenger experience, digital technology, and supply chains. The main objective for the working groups is to examine and evaluate different issues, to build public awareness and to provide recommendations to governments (both formally and informally). The makeup of the working groups consists of both senior industry and government leaders and academics from both countries. FBC will host four in-person meetings a day prior to the Transportation Border Summit. These small roundtable meetings are a confidential space for frank discussions with industry and government representatives in U.S. and Canada. The Chatham house rule applies.

If you would like to participate in a particular working group meeting, please e-mail [henna.rennie@futureborderscoalition.org](mailto:henna.rennie@futureborderscoalition.org).

Tentative Schedule:

- |                      |   |
